INSTALLATION INFORMATION

ITEM #P0094

6' Shower Rod and Ends

Parts Included:

1 pair - GB0282 Wall Brackets with screws

1 each - GB0283 6' Shower Rod

ASSEMBLE PIECES ON FLOOR PRIOR TO INSTALLING FOR ACCURATE MEASUREMENTS.

1. Measure the total length needed for the shower rod. This rod can be cut to length. Make all cuts and size adjustments to rod prior to installing on the wall.
2. Mount one of the GB0282 wall brackets on the wall at the desired height.
3. Slide the other bracket onto the 6' rod for the other end.
4. Insert one end of the rod into the mounted wall bracket, then screw the second bracket to the wall at the opposite end.
5. Tighten set screws to set the rod in place.
